## Water Conservation Policy

Jyothi Engineering College has always kept the conservation of natural resources in best interests, in all its endeavors. As part of the conscious effort to improve on water conservation strategies, the institution has devised a set of guidelines as outlined below.

1. Inculcating the practices of water use efficiency amongst its stake holders by deliberately reminding them to do so by means of visual posters in the campus.
2. Reviewing water conservation policies by monitoring the consumption and suggesting alternative water conservation techniques like water harvesting.
3. Giving attention to sustaining and renewing the flora around the campus to reinforce water conservation efforts
4. Organizing awareness programs to students through lectures from the experts in the field.
5. Involving students also in the process of water harvesting practices through their academic projects.
